## SUMMARY

5th semester Information Systems & Technology student at Cyber University with strong leadership, analytical, and creative skills. Currently serving as President of the Student Council (BEM). I thrive in collaborative environments, combining my passion for data, technology, and leadership.

## EDUCATION

### Cyber University - Bachelor of Computer Science

Sept 2023 - Current

GPA : 3.95/4.00

Major : Information System & Technology

Relevant Courses: Data Analytics, Software Development, Database Systems, Cyber Security Fundamentals, UI/UX Design Principles.

## EXPERIENCE

### PRESIDENT

Student Council, Cyber University

Feb 2025 - Current

- Secured IDR 100 million grant from the Indonesian Ministry of Education and Culture (Kemendikbudristek)
- Led a social innovation project supporting local tourism and community economic growth
- Organized 2 ASEAN-scale student events, overseeing logistics, schedules, and team coordination

### HEAD OF CREATIVITY & INNOVATION DIVISION

April 2025 - Current

Information Systems & Technology Association (HIMA STI), Cyber University

- Designed and executed academic and extracurricular events for HIMA STI
- Managed event logistics and ensured smooth execution by coordinating multiple teams
- Collaborated with other student divisions to deliver impactful programs

### CAMPUS AMBASSADOR

Cyber University

Feb 2025 - Current

- Represented Cyber University in outreach programs for high school students.
- Actively hosted and moderated campus workshops and public events, promoting digital literacy and higher education awareness.

### STUDENT EXCHANGE HACKATHON PARTICIPANT

June 2025 - Aug 2025

Cyber University x Universiti Teknologi PETRONAS

- Participated in a hybrid fintech hackathon with Malaysian team
- Developed Pennywise, a financial literacy web app
- Achieved 1st Runner Up, presenting the final pitch at UTP campus

### MEMBER - HR Departement (PSDM)

Feb 2024 - Feb 2025

BEM Cyber University

- Managed internal performance tracking using Google Workspace, especially spreadsheets
- Organized skill-building webinars and workshops for the student body
- Assisted in recruitment and selection of new student executive members

### STAFF - HR Departement (PSDM)

Nov 2023 - Feb 2024

BEM Cyber University

- Assisted in planning and coordinating student skill-development events
- Supported documentation and performance monitoring processes

### MEMBER - HR Departement

Nov 2023 - June 2024

Coding Club Cyber University

- Organized internal workshops and coding events to enhance member development.
- Managed competition participation, preparation, and team coordination.
- Explored programming (Python, C++) and UI/UX design, applying skills in club activities.

## SKILLS

- Design Tools: Canva, Figma
- Google Workspace, Microsoft Office
- Cybersecurity (lab): Burp Suite, Nmap, OWASP Top 10 testing.
- Soft Skills: Leadership, Public Speaking, Event Management, Team Collaboration
- Frontend: React.js, JavaScript, HTML, CSS, Tailwind CSS
- Backend: Node.js, PHP (CodeIgniter 3), Java, C++
- Database: MySQL, MongoDB, Supabase

## PROJECT AND ACHIEVEMENTS

- **BudayaGo - Team Leader (On Going)**

### Kawi-PitchDeck

Kawi Cultural Preservation App : Android app using Android Studio to promote and preserve Indonesian culture through digital exploration and interactive learning.

- **PM-BEM 2025 - Grant Awardee**

Received IDR 100 million funding from the Ministry of Education and Culture. Led a social innovation project supporting local tourism and community economic growth.

- **CU x UTP 2025 Hackathon - First Runner-Up**

### <https://github.com/dudiddump/Pennywise>

Pennywise : Financial literacy and investment web app using Next.js, empowering young adults to develop smart saving and investing habits.

- **GEMASTIK Competition - Participant**

### <https://github.com/dudiddump/gemastik25>

ReMoney : Gamified investment platform that transforms online gambling habits into productive financial behavior.

- **Bank Indonesia & OJK Hackathon - Team Leader**

### <https://github.com/dudiddump/Dompetia>

Dompetia : Data-driven financial management website that predicts users' financial stability within 5–10 years.

## UNIVERSITY PROJECT

- **Lutharti Restaurant Ordering System - C++**

### <https://github.com/dudiddump/PemesananMakanan-CPP>

Developed a restaurant ordering system implementing object-oriented programming for menu management and order processing.

- **LearnPath - Java & Figma**

### <https://github.com/dudiddump/LearnPath>

### [LearnPath-Figma](#)

Designed a learning pathway app prototype helping students track and personalize study progress with a user-friendly interface.

- **CyberCareer - PHP (CodeIgniter 3)**

### <https://github.com/dudiddump/CyberCareer>

Built a career management web platform supporting internship monitoring and evaluation for university students.

- **PortSwigger Lab Report - Penetration Testing**

### [Medium-PortSwigger\\_LabReport-Pentest](#)

Performed supervised, lab-based vulnerability assessments on intentionally vulnerable web apps (OWASP/access-control labs). Documented findings and remediation recommendations used Burp Suite and Nmap.
